

Are you looking for a job where you really make a difference?  
Within a unique and international Dutch company that supplies its products throughout Europe?  
Then **Multitubes** has the role for you!

# PRODUCTION PLANNER

(full-time, location Wormerveer, the Netherlands)

## Who? Multitubes!

We are a Dutch manufacturer of plastic tubes serving the cosmetic-, food-, pharma- and industrial markets. We currently have 2 manufacturing sites in the Netherlands and Belgium and sales offices throughout Europe and employ around 140 people.

Our philosophy that people, innovation, quality and sustainability are the fundamentals of our existence have led our company to grow into one of Europe's key players of the industry.

## MAIN ACTIVITIES

### Monitor the supply chain

The Production Planner oversees a variety of different departments within our supply chain to ensure that the overall process runs smoothly. You are the spider within the web of the order management department, artwork department, production and logistics.

You will mainly be focusing on the long-term planning and operate the planning department together with a counterpart who will oversee the short-term planning. You however will also be involved in the day-to-day business, as this impacts the long-term planning and your expertise will be required in urgent situations.

### Manage production orders

The Production Planner facilitates the timely planning of deliveries.

They work with customer service in order to notify customers of delays and other issues.

### Identify inefficiencies

In order to develop a more effective supply chain, the Production Planner helps identify inefficiencies.

## REQUIRED SKILLS AND QUALITIES

- You are stress resistant.
- You think in solutions, not in problems.
- You're not afraid of responsibilities.
- You're clear headed and can oversee chaotic situations.
- You're willing to answer questions after working hours when needed.
- Fluent English.

Are we looking for you? Then let us know!  
Just a short e-mail with your contact details will do.
